NOTRE DAME

| MENDOZA COLLEGE OF BUSINESS

FULL-TIME MSA, CLASS OF 2019

At Notre Dame's Mendoza College of Business, we seek and recognize what is unique in every student, charting an individualized professional development path grounded in the creation of shared value — within teams, for companies, across communities, for society as a whole.

We teach future leaders to compete by growing toward the best version of themselves — and through helping others do the same; to cooperate with everyone around them — with a special focus on those with the greatest needs; and to powerfully contribute to a better future for all humanity — as leaders who serve the greater good.

This employment report represents the hard work our students — these future leaders — put into their career development, creating opportunities that leverage their strengths, experiences and values to maximize positive impact. This report also highlights the outstanding corporate partners who work with Notre Dame to obtain top talent.

The primary function of commerce is service to mankind. Business has a code of ethics based very largely on divine principles. When this code is followed, commerce can and does advance civilization."

Career Services was a helpful resource during my application and interview process. They even connected me with alumni who are current and former employees of Disney, so I was able to learn about the company from alumni with direct experience."

I had an amazing experience as a graduate student at Notre Dame! I immediately felt like I was a member of the Notre Dame family once I set foot on campus. I feel blessed that I was able to go through this program and meet lifelong friends."
