## 2019 EMPLOYMENT REPORT

## FULL-TIME MSM, CLASS OF 2019

At Notre Dame's Mendoza College of Business, we seek and recognize what is unique in every student, charting an individualized professional development path grounded in the creation of shared value — within teams, for companies, across communities, for society as a whole.

We teach future leaders to compete by growing toward the best version of themselves — and through helping others do the same; to cooperate with everyone around them — with a special focus on those with the greatest needs; and to powerfully contribute to a better future for all humanity — as leaders who serve the greater good.

This employment report represents the hard work our students — these future leaders — put into their career development, creating opportunities that leverage their strengths, experiences and values to maximize positive impact. This report also highlights the outstanding corporate partners who work with Notre Dame to obtain top talent.

The primary function of commerce is service to mankind. Business has a code of ethics based very largely on divine principles. When this code is followed, commerce can and does advance civilization."

- John Cardinal O'Hara, CSC

Founder of The College of Commerce (now Mendoza College of Business)

The MSM Program at Notre Dame provided me with the fundamental business knowledge I needed in order to feel confident in my capabilities to be a valuable and contributing member at any firm. I went from having an Art History Undergraduate Degree to accepting a job offer in the Financial Services Industry. I don't think this career shift would have been possible without the skills and confidence I acquired during this program!"
