STUDY ABROAD

GO FURTHER

We hope you will be *intentional, creative, and bold* as you consider the international education experience that best suits your interest.

Whatever your major and dreams for the future, serious academic engagement outside your home country is one of the most valuable elements of a world-class undergraduate education.

It's never too early to begin planning. Your Study Abroad program directors are here to help.

STUDENT Experience

“The opportunity to live and study in Jerusalem for five months allowed for tremendous personal and spiritual growth. My interactions with local residents and their families - alongside daily encounters with global religions, unique cultural practices, and ancient and modern history - helped shape my world view and transform preconceived notions into genuine understanding.”

Gregory Vogt

Class of 2024

Jerusalem Semester Program

“As a child of migrants from the DRC, I have always wanted to visit the continent of Africa. And after checking the courses offered at different study abroad locations, the courses at Stellenbosch University were my favorite. They allowed me to learn about Africa to a greater extent than I could at Notre Dame.”

Luzolo Matundu

Class of 2024

Stellenbosch Semester Program

“I chose to study at Peking University in Beijing, China because this location was the perfect intersection of my academic and personal interests. I was also completely immersed in the lifestyle in Beijing for many months, an opportunity I am unlikely to have after college.”

Emily Wang

Class of 2024

Beijing Semester Program

Student Experience

“I can truly say that I have been challenged both mentally and intellectually, but also that I have grown more than I ever thought possible.”

Ellie Hammerschmitt
Class of 2024
Nagoya Semester Program

SINCE 1964,

NOTRE DAME HAS BEEN

SENDING STUDENTS TO

STUDY ABROAD PROGRAMS

AROUND THE WORLD.

TAKE YOUR EXPERIENCE

Further

INTERNSHIPS

Internships provide a deeper, immersive experience in your host country's culture. Many study abroad programs include this option at small and large local organizations.

RESEARCH

Jump-start your senior thesis or conduct research while abroad. Ask your program directors how you can access local resources, archives, and other research materials in your host country.

SERVICE

Participate in a wide variety of community engagement opportunities in almost every program location. Service opportunities with local organizations provide a more holistic study abroad experience.

AM I ELIGIBLE?

Academic standing and adherence to community standards are among the factors for eligibility, as is program appropriateness for your academic goals.

HOW MUCH WILL IT COST?

Tuition, room & board, and worldwide health insurance are covered for semester and full-year programs. Students are responsible for a study abroad fee, round-trip airfare to program locations, visa/permits and any personal expenses. Charges vary for summer programs and those taken during vacation periods. Financial aid and scholarships are available for study abroad.

HOW DO I APPLY?

Students apply for all study abroad programs during the fall semester of the year prior to the term abroad. Applications are submitted online and students must plan ahead to give advisers, rectors, and academic referees time to submit their information.

WHAT NEXT?

- Talk to a Study Abroad program director
- Find us during Study Abroad Week in September.
- Attend information sessions in the fall for programs that interest you.
- Consult with your academic advisers on college and major requirements.
Visit studyabroad.nd.edu for detailed and updated information.
